Re: **Petition to Intervene – Docket # 2011-515-W**

Utilities Services of South Carolina, Inc. – Application for Approval of a Water Supply Agreement
Between Utilities Services of South Carolina, Inc. and York County to Serve Foxwood Subdivision
in York County

Dear Public Service Commission:

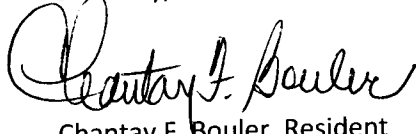

Please accept this letter as filing to become an intervener in the above referenced matter. I am a resident of the Foxwood Subdivision and have been since 1987. My husband and I have been dismayed for quite some time over the poor quality of water service that Utilities Services of South Carolina, Inc. has provided over the years.

While, I do not object to the arrangement between the two parties, I do object to having to pay higher rates to accomplish the changeover to the new water source since it is and has been the duty of UI to do the right thing by its consumers. I believe that Utilities Services of South Carolina, Inc. should absorb the cost without any additional rate charge(s) being passed on to the residents.

Therefore, I register my position as being against this application in its present form and should a hearing be scheduled, I respectfully request the right to be heard on this matter within the time frame of 30 minutes.

Thank you for your time and consideration.

Sincerely,

Chantay F. Boulter, Resident
